About the Conference

Today the entire world has become a global village. The research advancements in science and information technology have affected on the developed as well as underdeveloped countries drastically. We are experiencing tremendous changes in communication technology with the introduction of 5G connectivity; similarly we are going through a transitional phase of Industry 5.0 and Education 5.0 globally. This signifies the rising importance of research in all facets of human life. Technology has brought drastic changes in almost all areas "The Notions of Water, Energy, Climate, Urbanisation, Social, Economic, Industrial Development, Urbanisation, Science and Technology for Sustainable Development (TNWECUSEIDUSTSD – 2024)" and so on. The main objective behind organizing this E-conference is to provide a platform to the aspiring researchers in all fields to publish and present their papers on different burning issues in the present scenario.

Aims and Objectives

The Conference is association devoted to bring together various intellectual high-quality events for presentation within the conference program. It will provide an extraordinary value for students, scholars, academicians, researchers and industry persons.

About College

It gives us an immense pleasure to invite and welcome you to participate in the One Day Multidisciplinary International e-Conference On "The Notions of Water, Energy, Climate, Urbanisation, Social, Economic, Industrial Development, Urbanisation, Science and Technology for Sustainable Development (TNWECUSEIDUSTSD – 2024)" organized by Muktai Pratishthan's Vai Dhunda Maharaj Deglurkar College, Degloor your esteem presence is cordially solicited.

In Degloor, run the programmes in Arts & Science faculties since 1998. The main source of the ideology and value framework of Muktai Pratishthan's Vai Dhunda Maharaj Deglurkar College lies in Shrimad Bhagvat Geeta "प्रज्वलितोज्ञानमयः प्रदीपः" which means "Enlighten everyone through the lamp of Knowledge." College goal is "Serve as home of educational, social, and cultural needs of our society". It holds a unique position in the outer and rural area of Degloor.

As we are centrally located, space is a big issue for us. But due to the complete support of our parent institution, Muktai Pratishthan, Degloor, we are able to develop a moderately attractive and compact infrastructure for our students making maximum use of available space completely. Recently our parental institution has purchased 2.7 acre land for the college and the Trust has decided to construct the independent building in its own Campus with all required amenities and facilities in immediate future.

Approximately 65-70 percent population of Degloor and surrounding villages is of tribal communities like Mannerwarlu, Mahadev Koli, other backward-class communities like Padmashali, Nirali, rangari, golewar, dhangar, teli, koli, mali and Schedule caste and who are out of stream of education channel. Therefore our founder President Hon'ble Shri Gahininath Maharaj Deglurkar's vision was to provide quality education to students from diverse backgrounds, irrespective of region, religion, caste, economic strata and academic performance. The institution is located in Degloor town where 95 percent students are from rural area. College has a campus of 641.03 sq.mtrs and built up area of 1839.48 sq.mtrs. College believes in students centric learning for which IQAC focuses on Teaching- Learning methodology. College has a library with 8460 Books, 28 Journals, 12 Magazines, 108 Bound Volumes, 35 CD's, 6500 E-journals and 97000 E-books. College has Local Management Committee as a legal body, which regularly meets for smooth functioning of the College. College has IQAC Committee, under which seminars, conferences, guest and experts lectures are organized
